## About me

I grew up just outside Oslo, the capitol of Norway. From an early age I interested myself in shapes, colors, textures, drawings and this culminated in a MFA, Animation and Visual Effects (VFX) from the Academy of Arts University in San Francisco. Since graduating I have worked world-wide with people from all over the globe. I consider myself a very good team player; I adapt easily, and enjoy achieving goals through hard work in a multicultural work environment. A quick summary is listed below; please get in touch for more comprehensive information or an interview!
